Free**

About Product:

A scientifically derived formula which gives a transparent & light feel on the face and its molecules truly penetrate the skin & hydrate at deepest level by locking the skin moisture.

Its bio actives contain Vitamin-A, C & E which help in reducing pigmentation & dark spots. Hyaluronic Acid & AHA's being antioxidants helps in rejuvenating skin by removing dead cells and retarding the aging process in skin cells. Aplomb Age Defying Skin Glow Serum is made by skin science, love & care without using Paraben, Silicon & Sulphate. It is 100% Vegan.

Key Ingredients:

Hyaluronic Acid: It helps reduce the visibility of fine lines and wrinkles retaining moisture in the skin creating a plumping effect. When the skin is protected and hydrated, increased skin cell production can take place, as the skin isn't busy fighting for hydration. This leads to smoother, plumper skin cells.

AHA'S (Alpha Hydroxy Acids): They help peel away the surface of the skin so that new, more evenly pigmented skin cells may generate & take their place. AHAs are water-soluble acids made from sugary fruits. After using the Age Defying Skin Glow Serum, it helps the skin to become softer and smoother.

Alpha 2G Rutin: It increases skin's elasticity and decreases the number of wrinkles. The consequences of human aging are primarily visible on the skin, such as increased wrinkling, sagging and decreased elasticity, it helps in removing all of them.

Glyceryl Glucoside: It is an excellent moisturizing ingredient with high purity. A combination form of glycerol and glucose, it is a naturally occurring substance found in fermented foods. Helps improve the delivery system of water in the skin providing moisture, skin elasticity and improving the skin barrier.

Allantoin: It is extracted from the root of the comfrey plant, Allantoin is a non-irritating ingredient that soothes and protects the skin. With the ability to help heal the skin and stimulate the growth of new tissue, it's a great all-rounder for keeping skin at the top of its game.

How To Apply:

STEP - 1

Clean the skin with Aplomb Facial Cleanser and pat dry with clean cotton cloth or towel.

STEP - 2

Apply 5-6 drop of serum directly on the face at different places by dropper & then massage gently and pat lightly so that the serum absorbs into the skin perfectly. Use it preferably at night before going to bed.

STEP - 3

Following with Aplomb Moisturiser can be used under makeup.

For better result, use twice a day. Avoid contact from eyes.
