- *Hydrates The Skin, Enhancing Makeup Application Process*
- *Non-Comedogenic: Reduces Skin Sensitivity Over Time, Promoting Overall Skin Health*
- *Skin-Nourishing Ingredients: Infused with antioxidants and hydrating agents, our sunscreen not only protects but also nourishes your skin, leaving it soft, supple, and radiant.*

APLOMB EMBELLISH

SPF-50 | PA++++

SUNSCREEN ULTRA GEL

BROAD SPECTRUM PROTECTION: UV-A, UV-B & HEV

Welcome to the skincare world where the sun kisses and nourishes our skin with its warm embrace. However, amidst its beauty lies a potential threat - harmful UV rays. Fear not! Our revolutionary product **Aplobm Embellish Sunscreen** with **SPF 50** and **PA++++** protection shields your skin and lets you bask in the sunlight worry-free.

What Is SPF ?

SPF (Sun Protection Factor) measures the sunscreen's ability to block UV-B rays, the primary cause of sunburn. SPF 50 is helpful in protecting the skin against 98% of these harmful rays, allowing you to enjoy prolonged sun exposure without any damage caused to skin.

What Is PA++++?

PA, or Protection Grade of UV-A, gauges the sunscreen's defence against UVA rays, which penetrate deeper into the skin and cause long-term damage like premature aging and skin cancer. Our sunscreen's PA++++ rating ensures superior protection against these menacing rays, keeping your skin youthful and healthy.

**Sunscreen Is Not
Just For Sunny
Days. UV Rays
Penetrate Clouds,
So Make
Sunscreen A Daily
Essential, Come
Rain Or Shine**
